

Tamika Scott returns with new single "Almost Over"

Atlanta, Aug 11, 2019 (Issuewire.com) - 1/4 of the legendary group Xscape Tamika Scott has just released her new single "Almost Over". The song is an inspirational jam which encourages all of us to overcome our trials and tribulations.

The song is released via her Brolic Entertainment Label in partnership with Twenty Two Recordings and was written by Tamika Scott herself, and produced by Herman "Pnut" Johnson.

This is the follow-up single to her song “Tonite” which she released earlier this year.

As one-fourth of the multi-platinum selling group Xscape, Tamika Scott has always impressed with her velvety vocals and angelic tone. She was part of the Xscape reunion in 2017 after the 15-year hiatus.

Stay tuned for upcoming news about a solo project.
