

Andrea M. Wolf, MD, FACS, a General Surgeon with Spectrum Health Medical Group

Get to know General Surgeon Dr. Andrea M. Wolf, who serves patients in Grand Rapids, Michigan.

New York City, Sep 10, 2019 (Issuewire.com) - Dr. Wolf is a board-certified general surgeon whose primary specialty is surgical oncology. She is affiliated with Spectrum Health Medical Group (SHMG) in Grand Rapids, Michigan. SHMG is the largest multispecialty physician group in West Michigan, spanning 13 counties. With 1,600 physicians and advanced practice providers in more than 110 adult

and pediatric specialties, patients are always put first. From family medicine to the most specialized surgical care, the physicians at SHMG are leaders in their fields, using their unique expertise, backed by years of experience, to address patients' medical needs and to provide the most comprehensive and advanced medical options in the most convenient care settings possible.

Dr. Wolf is also affiliated with Spectrum Health Zeeland Community Hospital in Zeeland Charter Township, Michigan.

Dr. Wolf has been specially trained in robotic-assisted surgery to provide patients with minimally invasive surgery options. They typically experience less pain, less scarring, and faster recovery, thereby allowing them to return to their normal activities sooner.

Dr. Wolf earned her medical degree from Tufts University School of Medicine in Boston. She then went on to complete her residency at Grand Rapids Medical Education Partners in Grand Rapids. Dr. Wolf also completed a fellowship in hepatobiliary, pancreatic, and minimally invasive foregut surgery at Thomas Jefferson University Hospital in Philadelphia.

Dr. Wolf is board-certified in surgery by the American Board of Surgery (ABS). The ABS is an independent, non-profit organization located in Philadelphia, Pennsylvania, founded for the purpose of certifying surgeons who have met a defined standard of education, training, and knowledge.

Dr. Wolf is a member of the Americas Hepato-Pancreato-Biliary Association, the Society for Surgery of the Alimentary Tract, the American Medical Association, and the Society of American Gastrointestinal and Endoscopic Surgeons. She is also a Fellow of the American College of Surgeons (FACS).

General surgery is a surgical specialty that focuses on abdominal contents including esophagus, stomach, small bowel, colon, liver, pancreas, gallbladder, appendix and bile ducts, and often the thyroid gland. A general surgeon performs a wide range of abdominal surgeries for many forms of intestinal and abdominal wall neoplasms, gallbladder disease, gastric and pancreatic disease. They follow the patient through critical care and surgical recovery all the way to outpatient care.
