She was also inducted into the 2014 Massapequa High School Hall of Fame in recognition of her commitment to excellence.

A registered nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province, or similar licensing body to obtain a nursing license. RNs fulfill a variety of job duties. In addition to their primary role of treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients’ symptoms and medical histories, as well as assisting with patient rehabilitation and follow-up.

Lilly’s favorite place to vacation is in Africa. In her spare time, she enjoys working out at Orange Theory, walking, and traveling. Lilly currently lives in Alamo with her husband, Gary Gwilliam. They have five children and eight grandchildren between them, and they enjoy spending time with their families.
