

London Canna Group Opens First CBD Retail Location in Shoreditch, London

London, Sep 26, 2019 ([Issuewire.com](http://www.Issuewire.com)) - London Canna Group (LCG or the “Company”) the leading comprehensive cannabis consultancy in the United Kingdom, today announced its further expansion into retail with the opening of Canna Club at 228 Shoreditch High St, Hackney, London E1 6PJ.

Canna Club is a transformative, expressive and evolving retail experience, that curates tested, trusted,

legal Cannabis and Cannabinoids brands sourced from around the world.

The Canna Club offers a wide range of high quality health supplements, a selection of over 200 products from 30 handpicked, tested, high quality brands that you can trust. At Canna Club you will find the world's first recyclable CBD infused protein and energy drinks, first daily multivitamins designed for cannabis users, CBD lozenges, high concentration CBD oils, world's best CBD infused intimate lubricant and many more products exclusive to the store.

"Sourcing products has always been a difficult task in the CBD industry, fortunately, we are able to work with brands who have the same values as us when it comes to the transparency and traceability of their products. We have very strict criteria when stocking products in our store, as we require a lot of product testing certification before we can even think about having the brand on our shelves. We ensure that we only work with brands who do not compromise on quality in any way, shape or form, thus giving consumers the best possible experience with CBD." - Idriz Gashi, Business Development Manager

Canna Club's ethos is to offer the best and widest range of Cannabinoids products available, and the Club's mission is to promote wellbeing in the community and to bring a sense of discovery, learning and adventure into Cannabinoids shopping.

"From the very start, Canna Club was born to provide consumers with a unique and enjoyable learning experience. It was carefully designed and stocked to allow customers to follow a journey employing the five senses (Sight, Smell, Hearing, Touch, Taste) and experiencing how CBD can empower their lives whilst creating a new normal."- Housam Nasr, Chief Operating Officer

"Our research shows many customers feel they need guidance when they walk into a CBD store. Our goal is to help educate our customers before they buy," said Sal Noble, LCG's CEO. "When a customer enters Canna Club they will be immediately welcomed by highly-trained staff ready to answer every question and help them find the best product for their needs."

The Canna Club staff undergo rigorous and comprehensive training. Additionally, the employees immerse themselves in the local community by personally introducing the brand to local businesses and residents.

The Canna Club is located at 228 Shoreditch High St, Hackney, London E1 6PJ. Store hours are 10:00 am – 7:00 pm Monday to Sunday.
