

Rudram Naidu Muppuri, MD, an Anesthesiologist & Pain Doctor with McLaren Port Huron

Get to know Anesthesiologist & Pain Doctor Dr. Rudram Naidu Muppuri, who serves patients in Port Huron, Michigan.

New York City, Sep 6, 2019 ([Issuewire.com](http://www.Issuewire.com)) - Dr. Muppuri is a board-certified anesthesiologist and

pain doctor who is affiliated with McLaren Port Huron - a 186-bed non-profit hospital located in Port Huron, Michigan. A community hospital founded in 1882, McLaren Port Huron has a strong history of providing quality, compassionate care to residents living in St. Clair and Sanilac counties and has earned repeated recognition for both clinical excellence and patient safety from nationally renowned health care rating organizations.

Dr. Muppuri is board-certified in anesthesiology and pain medicine by the American Board of Anesthesiology (ABA). The ABA sets standards and exams for the accreditation of board-certified anesthesiologists coming to the end of their residency. It is one of the 24 medical specialty boards that constitute the American Board of Medical Specialties (ABMS).

Dr. Muppuri earned his medical degree from Dr. NTR University of Health Science in Vijayawada, India. He then went on to complete his residency at Wayne State University before completing a fellowship in interventional pain at Henry Ford Health Care Systems in Detroit, Michigan.

Dr. Muppuri holds many professional memberships, serving as one of the Board of Directors for the Michigan Society of Anesthesiology. He is also a life member of the American Society of Interventional Pain Physicians (ASIPP) and the Indian Society of Anesthesiology (ISA).

Anesthesiology, anaesthesiology, anesthesia or anesthetics is the medical specialty concerned with the total perioperative care of patients before, during, and after surgery. It encompasses anesthesia, intensive care medicine, critical emergency medicine, and pain medicine. Anesthesiologists have the primary responsibility of monitoring the patient's vital signs during surgery. In addition to basic measurements such as pulse, blood pressure and temperature, anesthesiologists also measure the patient's respiration.

Pain medicine is a medical specialty that focuses on the evaluation, treatment, and prevention of pain. A pain doctor also called a pain specialist or pain management specialist is a medical doctor (M.D.) or doctor of osteopathy (D.O.) who specializes in pain medicine.

Dr. Muppuri continues to be interested in medical education, healing through yoga, meditation, intermittent fasting, and motivational speech.
