**Miami, Oct 24, 2019 (IssueWire.com)** - Could there be a revival of the 90's hit sitcom The Nanny? Fran Drescher hints at the revival with a twist and says she'd love Cardi B to play her beloved character. Drescher also opens up to PHM about being victimized in her own home, a missed cancer diagnosis, and how she survived it all mentally and spiritually. Her Cancer Schmancer movement is also taking storm around the country teaching prevention of "dis-ease" and the Fran Drescher Master Class Health Summit is happening November 2nd at the Dorothy Chandler Pavilion in Los Angeles, California.
