Perituza Has Been Recognized By CIO Review as a Top SharePoint & Microsoft Solution Provider in 2019

Several IT companies are offering SharePoint solutions and Microsoft Solutions. What sets Perituza Software Solutions apart is their efficiency, uniqueness, and experience in the business.

League City, Oct 7, 2019 (Issuewire.com**)** - Perituza Software Solutions would like to announce they have been recognized by CIO Review, a leading enterprise technology magazine that connects IT vendors & buyers.

The recognition includes the *10 Most Promising SharePoint Solution Providers in 2019*, which is an annual listing of 10 companies providing SharePoint solutions and impacting the industry.

They have also been recognized as one of the *50 Most Promising Microsoft Solution Providers in 2019*, establishing them in the annual listing of 50 companies that are the best in Microsoft solutions and services.

Perituza is a company driven by technology solutions that guarantee ROI and make their client's business more efficient. They also offer other services like Custom Programming, app development (Mobile and Web), Data Conversion and Processing, custom software development, integration, business process automation, business analysis, and more.

To learn more about them, please visit their website, www.perituza.com.

Perituza Software Solutions is a unique custom software development company with a particular interest in helping clients achieve goals through the implementation of tailored solutions. Over the past few years, they have worked very hard to provide quality solutions to clients using the most effective tools and infrastructure.

The company's team of experts have a combined experience of over 70 years in software development and delivery. In addition to being a Microsoft certified team of experts, they are also highly efficient and professional in delivering custom business solutions that guarantee tangible results.

Perituza Software Solutions has earned massive recognition because of its experience and their proven track record. They are a total solution provider who can handle entire projects from requirements documentation to post-delivery support.

Customer service is also their strong point as they offer 24/7 customer support. They have expertise in technology stacks like .NET, C#, SQL Server, Web API, SharePoint, Office 365, PowerApps, SSIS, SSRS, Node JS, Angular, iOS, Android, Azure, AWS, etc.
