

Rose L. Wang, DMD, a General Dentist with her Private Practice

Get to know General Dentist Dr. Rose L. Wang, who serves patients in New Hampshire.

New York City, Oct 11, 2019 (Issuewire.com) - Specializing in general dentistry, Dr. Wang is the Founder of her private practice, Rose Wang Dentistry in Lexington, Massachusetts & Rose Dental in Nashua, New Hampshire. The dentists and staff at both dental practices are dedicated to providing high-quality dental services to patients with a personal touch. They offer a full range of dental services, including family dentistry, cosmetic dentistry, and implant dentistry.

With expertise and experience in her field, Dr. Wang aims to be an outstanding dentist so that her patients can benefit the most from her technical skills. She has made great efforts to keep her knowledge up to date and has accumulated thousands of hours of continuing education in the past years. Most importantly, she is determined to follow the highest ethical standards and strongly appreciates the friendship and the utmost trust from her patients in the Lexington and Nashua communities.

During her academic career, she graduated with a Doctor of Medicine in Dentistry degree from the University of Pennsylvania, School of Dental Medicine in Philadelphia, Pennsylvania in 1996. Additionally, Dr. Wang holds a Master of Science degree in Oral Science from the State University of New York at Buffalo.

On top of that, she maintains professional affiliations with the American Dental Association, the American Academy of Implant Dentistry, the International Congress of Oral Implantologists, the American Academy of Cosmetic Dentistry, and the Academy of General Dentistry.

A lot of dentists in Nashua claim to be the best, but Dr. Wang has actually earned the title “Best Dentist of Greater Nashua” in 2011. No doubt this is because she believes whole-heartedly in delivering the best possible care by using advanced techniques and providing personalized services.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. A general dentist, like Dr. Wang, diagnose, treat, and manage patients’ overall oral health care needs, including gum care, root canals, fillings, crowns, veneers, bridges, and preventive education.
