

Top Leader Lee Money Joins ibüümerang.

Los Angeles, Oct 17, 2019 (Issuewire.com) - Texas Company welcomes top leader and industry veteran Lee Money to its global Travel Savings Ambassador (TSA) Network.

Travel Savings and relationship marketing company ibüümerang announced today that relationship marketing leader and 25 year industry veteran Lee Money has joined the company as a (TSA) Travel Savings Ambassador.

Lee Money rose to prominence as a leader and top earner with several notable companies early in his career. Working both in the trenches as a distributor and corporate executive his trademark enthusiasm, unstoppable work ethic and motivational leadership are a perfect fit at ibüümerang, where he plans to work his way to the top of the ranks by helping others on his team do the same.

“Looking at ibüümerang with a 360-degree view over these past few weeks, I have no doubt in my mind that this company will be a multi-billion dollar giant,” said Money. No physical inventory, timing, unprecedented technology, an eight trillion dollar market place and of course the vision and leadership of ibüümerang Chairman and CEO Holton Buggs, make this the best opportunity I’ve ever seen for anyone looking to build legacy income and transform their lifestyle.”

Born in Baltimore, Maryland Money grew up in a working class neighborhood. He followed in the footsteps of his father and joined the United States Marine Corps following high school. He learned leadership, self discipline and the skills to improvise.

Traveling the world allowed me see that the people with real economic freedom, were the business owners who were building equity in themselves... they owned their own lives," said Money.

After leaving the military in 1986 Money was introduced to Mark Hughes the founder of Herbalife at an event in Maryland after answering an ad. "I couldn't believe the income testimonials I was hearing at that event. It was fantasy income to me at that time, and the people were so positive. I was 22 years old and looking for a average income job. Listening to Mark Hughes speak helped me to start dreaming bigger. I was immediately attracted to the possibility of unlimited income and self created success.

Since returning to California, Money has experience great success in the relationship marketing industry. Building organizations of over 50,000 distributors and seeing lives changed. " More often than not, this industry has blessed me with freedom, income and personal development that I couldn't have gotten anywhere else," said Money.

At age 42 Money did get his BBA and Masters degree, but says he has yet to use it since he's an entrepreneur and has no need for it. He jokingly says, "it looks great on my wall."

Money works ferociously in everything he's involved with to help others win. On weekends, over holidays, and even on vacations to inspire and build relationships. “I Believe in people and I enjoy seeing others win," says Money.

Money used his unyielding work ethic and passion for helping others in a number of other relationship marketing ventures. Along the way he started Team Money Global. Which is focused on advance training while helping other entrepreneurs win by providing support in a team environment. He's is a strong believer in the principals of Napoleon Hill's book Think and Grow Rich. He has recently started teaching and covering the 13 principals directly from the book on his live feed many times during the week.

About ibüümerang

Officially launched in September, 2019, ibüümerang is fast becoming a global leader in the travel and direct selling space. The mission of ibüümerang is simple: deliver good will in the form of travel savings

and reward our Travel Savings Ambassadors (TSAs) with travel savings bonuses in cash. The vision is to create a consumer-centric model focusing on an exceptional customer journey and experience.

By creating a worldwide movement of TSAs, we will empower people from all around the globe to live life to the fullest, earn residual income via the PRIB (Perpetual Residual Income Builder) and leave a legacy to future generations.
