

Howard Wilner from Sudbury Shares His Views on Safety and Profitability of Investing In Real Estate

This press release is written to inform the readers about Howard Wilner's views on the safety and profitability of investing in real estate.

Boston, Nov 3, 2019 (IssueWire.com) - In addition to being the President of Automax Preowned, [Howard Wilner from Sudbury](#) is also a real estate expert. He thinks real estate investment can be safe and profitable for everyone for the following reasons:

- Housing prices are increasing
- Location is everything
- Less volatile
- Diversification

[Howard Wilner from Sudbury](#) thinks that once you decide to invest in real estate, you should prepare yourself by focusing on establishing and increasing your credit rating by paying down debt and researching extensively into the area where you plan to purchase real estate and finding a local trusted agent to help you in your search.

Howard has an associate's degree in business administration and general management from Massachusetts Bay Community College. Howard is a strong business also has years of experience working in the automotive industry. **Howard Wilner** from **Sudbury** enjoys playing golf, football, and baseball in his free time. He also likes to go fishing with his friends.

About Howard Wilner

The President of Automax Preowned and Mina Property Group, Howard Wilner is an experienced business development professional. Having received his education from the Massachusetts Bay Community College and the Boston College, Howard has been active in the automotive industry for a long time now. He has a strong command in automobile site acquisitions, automobile inventory management, negotiation, coaching, sales, and automotive repair.

Howard has also been a part of several organizations including the Charter Oak Country Club, Boston College Club, NHREIA, New England Society and Automotive News Professional Community. He also volunteered with Rotary International for three years.
