

Mystical Civilization Unfolds into More than Just a Myth

Writer debunks old assumptions of the famous legend, Atlantis

ATLANTIS

INSIGHTS FROM A LOST CIVILIZATION

SHIRLEY ANDREWS

Pittsburg, Nov 21, 2019 (IssueWire.com) - Bringing a popular myth of an ancient civilization to a new enlightened truth is what embodies Shirley Andrew's [Atlantis: Insights from a Lost Civilization](#). This book offers fresh and exciting information on a common legend that many have heard of but few have come to really know. The existence of this golden civilization before it sank leaves evidence of rich culture, arts, architecture, and even advanced science or just plain mystical healing. Andrews uncovers these mysteries through her extensive work with Atlantean scholars, scientists, and respected psychic Edgar Cayce.

Jonathan Ross, an Amazon customer, says, "This is THE definitive book one needs to explore if interested in Atlantis. It provides an expansive guide to the lost world and was a pleasure to read. Academic insofar as every claim is backed by relevant citations, but very easy to follow and, most importantly, thorough in its examination of the history of the Earth. 5 stars!!!"

"Andrews writes with passion about her subject and with detail that grabs the reader's attention. Especially interesting is her belief in the possibility of Atlanteans migration to other lands as they faced the upheaval of their land. Her inclusion of maps and timelines enhances the reader's understanding of her history of Atlantis," shares Kat Kennedy of The US Review of Books.

Shirley had always been passionately interested in prehistory. She was motivated to study in major libraries including the British Museum Library, the University of Chicago, and the Association for Research and Enlightenment Library in Virginia. She travelled extensively to conduct her own comprehensive research at ancient monasteries in the Himalayas, the Andes, Central America, the islands of the Azores and even the Tito Bustillo cave in Spain.

The data she gathered has led her to produce an impressive volume of information about the legendary country.

Andrews has guested in a number of radio programs. Her work will be exhibited at the Miami Book Fair Street Fair weekend, to be held at Miami Dade College (Wolfson Campus) in downtown Miami this coming November 22-24 at the Authors Press booth.
