Pittsburg, Nov 21, 2019 (IssueWire.com) - K.B Lewis's [*Millennium Women War on Men: Bully Tactics Is Why Their Independence Is Failing Them in Their Relationships and How to Be Empowered*](#) is an eye-opener for all the independent women out there. It is an interesting take on independence and its inverse proportion to personal relationships.

In this book, K.B Lewis reveals the feminist movement behind the surge of strong, independent women with failed relationships. He explains the hidden agenda and how it works, going on to expound on the strategies women use to undermine men, all the while maintaining control and wanting to be better than men. Interestingly, he points out that women are drawn to men they look up to; hence the nice guys usually stay in the friend zone. On that note, this book also gives men useful advice on how to deal with the tactics employed by their female counterparts, ending men's ignorance and complacency once and for all.

Millennium Women War on Men: Bully Tactics Is Why Their Independence Is Failing Them in Their Relationships and How to Be Empowered is a unique read open minds would love. You sure will see things from a different perspective once you read it.
