Here is a short excerpt of the article

What is “real estate,” really? Most people might say it’s the land and/or structures appurtenant to it. I agree with that (I should; I came up with it) but I think owners should also consider what is referred to as the ‘); “bundle of rights” theory.

This is where all the rubber hits the road: People work hard on acquiring properties, improving them, flipping them, leasing them out, etc. The type of property doesn’t matter; the bundle of rights is your real estate. Anyone who owns a fee or has a long- or short-term lease has a bundle of rights that can be conveyed. I want to discuss the concept of fee ownership that anyone owning real estate — from land to <https://is.gd/f0GztW>
