

Alicia Rodriguez, RN, a Registered Nurse with Knapp Medical Center

Get to know Registered Nurse, Alicia Rodriguez, who serves patients in Weslaco, Texas.

New York City, Dec 18, 2019 (Issuewire.com) - Get to know Registered Nurse, Alicia Rodriguez, who serves patients in Weslaco, Texas.

Alicia, a registered nurse, can be found on staff at Knapp Medical Center in Weslaco, Texas. Knapp Medical Center is a not-for-profit, acute care hospital in South Texas, providing exceptional healthcare services to residents of the Rio Grande Valley. The hospital works hard to provide state-of-the-art technology, progressive diagnostic and treatment options, and patient-focused care.

In 1987, Alicia earned her nursing degree from the University of Wisconsin-Madison. She then went on to obtain her Master of Science in Nursing degree from the University of Texas at Austin, which is a public research university that provides public access to a first-class education and the tools of discovery.

A registered nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province or similar licensing body to obtain a nursing license. RNs fulfill a variety of job duties. In addition to their primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.
