

Refurbished iPad Air 3rd Generation- The Latest iPad in 2019 with 10.5-inch Retina Display

Getting a refurbished iPad Air 3rd Generation will save you from paying a hefty amount in buying a new one. Besides, this way you contribute to the eco-friendly campaign.

Newton Abbot, Dec 16, 2019 (Issuewire.com) - Along with Smart Phones and Laptops, iPads are also in much demand because of their portability and several features. Every year, Apple launches many products and makes the audience go crazy behind them and why not? With attractive attributes and a classy look, people can't stop them from buying one. The only thing that bothers most of the users is the price. Buying a new iPad will cost you a hefty amount. However, if you buy it in the refurbished from a trusted firm, then it may not cost you much.

One such brand is Loop8 that provides refurbished iPad Air 3rd generation at very reasonable costs ranging from £149.99 to £275.00. You may have raised your brows after hearing these prices and might have thought that the product may not be so efficient. But the fact is that Loop8 offers products that are delivered to clients only after a thorough inspection and extensive quality check. Besides, we also provide a guarantee for the hardware we sell. Besides iPad Air, currently, we are offering [cheap refurbished iPads for sale](#).

Features of Refurbished iPad Air 3rd Generation

The new iPad launched by Apple is slimmer and more powerful than ever before. The new 64 GB Wi-Fi iPad Air features next-generation Retina display, brand new processor, enhanced cameras, and Touch ID, this iPad performs everything better. In short, iPad Air 3rd Generation packs massive power into a device that you won't ever wish to put down.

All iPad Air 3rd Gen devices feature an anti-reflective and fully-laminated 10.5-inch LED-backlit 2224x1668 (DCI-P3 color gamut, 264 PPI) touch-sensitive "Retina" display. However, it doesn't support "ProMotion technology" and its 120 Hz refresh rate. At Loop8, you can get these [cheap iPads for sale](#).

The iPad Air 3rd generation model is powered by an Apple A12 Bionic processor, 3 GB of RAM, and 64 GB/256 GB of flash memory storage stuffed in a Black and Space Gray, White and Gold or White and Silver case. This iPad is much similar to that iPad Air 2.

Other iPad you can opt for is [Apple refurbished iPad mini 4 64gb](#) which is powerful and fast. This makes multitasking easy, has two amazing cameras and includes all your favorite attributes from the previous iPad which also includes TouchID.
