

## **Jerrett Einsporn, Candidate For Ward 3 Alderman Wentzville, Missouri**

Citizens For Jerrett Einsporn

**Wentzville, Jan 23, 2020 ([IssueWire.com](http://IssueWire.com))** - I, Jerrett Einsporn, announce my candidacy for Alderman of Ward 3 in Wentzville, Missouri. After receiving 40% of the vote during my campaign two years ago, several Individuals and organizations reached out and responded with the support of my candidacy.

Voting for Jerrett Einsporn, gives you, the resident, a voice in an Elected Official that actually works for you addressing and understanding the needs of Wentzville citizens. Achieving and managing Smart Growth and eradicate the need for burdensome taxes.

While living, raising a family, and my place of employment all in Ward 3. I see the inadequate infrastructure, high taxes, and the demagogue politics of Wentzville on a daily basis; each of these being my motivation to run for office. My top priority will be ensuring our roads and traffic signals are ready to handle the increasing commercial and residential traffic happening right now in our City. Now more than ever is the time to alleviate traffic congestion and repair our crumbling infrastructure.

I've also been raising awareness and actively speaking out against special taxing districts. These tax districts can cause unnecessary economic strain on established businesses and residents. As a result, developers will be walking away with millions of your tax dollars.

Follow me on my social media platforms for more information about my campaign, upcoming events, as well as my position on many of the important issues affecting Wentzville. Together we can make a difference and I would be honored to receive your support and vote on April 7, 2020.
