

Jose A. Apud, MD, PhD, a Psychiatrist with Inova Fairfax Hospital

Get to know Psychiatrist Dr. Jose A. Apud, who serves patients in Falls Church, Virginia.

New York City, Jan 24, 2020 (IssueWire.com) - With more than 40+ years of experience in his field, Dr. Apud is a board-certified psychiatrist who is affiliated with Inova Fairfax Hospital in Falls Church, Virginia.

Inova Fairfax Hospital is a 923-bed tertiary care hospital providing most medical and surgical specialties and housing Northern Virginia's only Level 1 Trauma Center and the nation's fifth-busiest obstetrics program. It is the largest hospital in Northern Virginia and the flagship hospital of Inova Health System.

A clinical researcher with superb medical skills, administrative talent, and great scholastic dexterity, Dr. Apud also serves as a Clinical Professor of Psychiatry and Behavioral Sciences at the George Washington University School of Medicine & Health Sciences in Washington, D.C. In addition, Dr. Apud is a former Director of the Psychopharmacology Division and Consultation Service, and Head of the Tardive Dyskinesia Unit at the Commission on Mental Health Services, St. Elizabeths Hospital, Washington DC, where he also was a faculty at their Psychiatry Residency Program, was Adjunct Professor of Neurosciences at Georgetown University and served as a Clinical Director for the Clinical Brain Disorders Branch of the National Institute of Mental Health in Bethesda, Maryland. He is board-certified in psychiatry by the American Board of Psychiatry and Neurology, a not-for-profit corporation dedicated to promoting high quality patient care for the public through the initial and continuing certification of psychiatrists and neurologists. He specializes mainly in treatment-resistant psychiatric disorders and in medication-induced movement disorders other than in severe psychotic, mood and anxiety disorders.

A graduate of the National University of Tucumán, Dr. Apud went on to earn his Pharmacology and Experimental Endocrinology degrees from the University of Milano between 1980 and 1983 and in 1985, he completed his Doctorate degree in Pharmacology at the University of Buenos Aires in Argentina. He also became an Established Investigator at the National Research Council of Argentina and Associate Professor of Pharmacology at the University of Buenos Aires.

Upon relocating to the United States, in 1987 he became a Visiting Professor of Pharmacology at the Fidia Georgetown Institute for the Neurosciences at Georgetown University. He later coursed his internship and first two years of residency in psychiatry at St. Elizabeths Hospital in Washington, D.C. between 1991 and 1994 and completed his additional residency year and Fellowship in Neuropsychiatry at the Neuropsychiatry Branch of the National Institute of Mental Health between 1994 and 1998.

The doctor has won many awards during his clinical/research career, even as early as his psychiatric residency where he received two national honors, the American Psychiatry Association/Burroughs Wellcome Award and the NIMH/Upjohn Most Outstanding Resident Award. He also received the CEDIQUIFA Award in Pharmacology, was honored as Illustrious Visitor by his Alma Mater, and was inducted in the Wall of Honor of the Royal Society of Medicine in Great Britain where he is a Life Fellow. He also received numerous awards from the NIMH and NIH Directors during his tenure at the National Institute of Mental Health. Over the years, he has also been an invited speaker and presenter at a number of important national and international scientific venues.

With well-deserved recognition in the field of medicine and pharmacology after many years of dedication to academia and research, Dr. Apud's scientific portfolio includes almost 100 scientific papers in the

areas of neuropsychopharmacology, schizophrenia, and pharmacogenetics published in national and international journals. Among his professional affiliations, he is a member of the American Medical Association, the Society for Neuroscience, the American Society of Clinical Psychopharmacology and the Royal Society of Medicine.

Psychiatry is the medical specialty devoted to the diagnosis, prevention, and treatment of mental disorders. These include various maladaptive behaviors related to mood, behavior, cognition, and perceptions. A psychiatrist is a medical doctor who specializes in mental health, including substance use disorders. They are qualified to assess both the mental and physical aspects of psychological problems.
