

Shermineh Zadeh, DDS, a Dentist with Encino Dentistry

Get to know Dentist Dr. Shermineh Zadeh, who serves patients in Encino, California.

New York City, Jan 21, 2020 (Issuewire.com) - Thrilled to serve the community and raise awareness in dental health, Dr. Zadeh serves patients' dental needs at Encino Dentistry in Encino, California. Specializing in general and cosmetic dentistry, she enjoys employing her advanced training to help patients improve their quality of life. She also focuses on patient comfort, making sure patients are completely satisfied with the care they receive.

"Encino Dentistry is a full-service dental office that can provide you with all the dental services you need to create and maintain a healthy smile. Your mouth is important to your overall health. When you don't take care of your teeth and mouth, you can experience a long list of other problems. This is why choosing the right dentist in Encino, California is critical. Our Encino dental clinic offers a list of services in general, restorative, and cosmetic dentistry to meet your needs" as stated on the dental practice's website.

As an experienced dental health care professional, Dr. Zadeh graduated in the top 3 percent of her class

from the University of Southern California School of Dentistry with her Doctor of Dental Surgery (DDS) degree. She holds both a Bachelor of Science (BS) degree in Psychobiology from the University of California Los Angeles (UCLA), and a Bachelor of Architecture (B. Arch.) degree from the University of Tehran.

Attributing her success to her combined love of art and helping others, she remains a member of several professional organizations, including the American Dental Association, the American Academy of Cosmetic Dentistry, the Academy of General Dentistry, and the California Academy of General Dentistry.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions and perform other duties to ensure that the teeth and mouth are healthy.
