Tuscaloosa, Feb 24, 2020 (Issuewire.com) - Soul Southern R&B Band, three guys and a gal with soulful voices playing musical instruments and singing is no stranger to the music industry. With years of hard work shaping their skills, writing, producing took patience to become a household name. With this project, their mission is to fill the world with their music and entertainment. Our goal is to leave a lasting impression and touch to the hearts and souls of many. Two bothers Jayibee and DB both endured a diagnosis of prostate cancer, DB was diagnosed in 2017 and Jayibee in 2019. As soon as DB starts feeling like touring again, Jayibee was diagnosed. As brothers that had endured so many events together good and bad, this fight was just another fight to overcome together. Their love of music kept

them going during this difficult time once more. During their recovery, they separately produced a CD of great music that everyone can enjoy and relate to the messages of the songs. They release this project on January 18th, 2020 titled "SHINE" VOL 1 produced by DB, lead vocalist Sheila, "SINE" VOL 2 produced by Jayibee lead vocalist and producer.

"SHINE" it is a combination of 26 songs from the Heart & Soul of the Brown Brothers that was giving another opportunity to "SHINE".
