

5th International Conference on Vascular Dementia and Dementia

"Exploring Innovative Researches and Explicating Vascular Dementia for Desirable Health"

Windsor, Feb 28, 2020 (Issuewire.com) - PULSUS Group Inc is proud to host the 5th International Conference on Vascular Dementia and Dementia which will be held during July 06-07, 2020 in Amsterdam, Netherlands. The conference is themed around "Exploring Innovative Researches and Explicating Vascular Dementia for Desirable Health" with the aim to assemble a medical practitioner, a large audience of trade, healthcare, research, and to coach and produce a few fruitful speeches on the

confined topics. This can be an excellent event to network, learn and have interaction with professionals within the field of NeuroScience, Psychiatry, Brain, Dementia, Alzheimer's, Parkinsons etc

We request all the interested scholars, Professors, Young Researchers and Research fellows, Doctors etc to kindly join us with their generosity and explicit their knowledge to the world.

Thank you
