

Elizabeth A. Bourret, DPM, a Podiatrist with Fredericksburg Foot and Ankle Center

Get to know Podiatrist Dr. Elizabeth A. Bourret, who serves patients in Fredericksburg, Virginia.

New York City, Feb 3, 2020 (Issuewire.com) - Dr. Bourret, a board-certified podiatrist, specializes in the prevention, diagnosis, and treatment of the foot, ankle, and related structures of the leg. She practices at Fredericksburg Foot and Ankle Center in Fredericksburg, Virginia.

For more than 25 years, Fredericksburg Foot and Ankle Center has provided Fredericksburg area families advanced clinical and surgical treatment of foot and ankle problems, including sports injuries, plantar fasciitis, custom orthotics, pediatric foot and ankle disorders, reconstructive surgery, diabetic foot problems, heel pain, wound care, stress fractures, fractures, trauma, and other common injuries and conditions of the foot and ankle. The staff utilize the latest technological advances including digital x-rays, diagnostic ultrasound, and digital scanning for custom orthotics to ensure patients receive the highest quality medical care possible.

A native of Massachusetts, Dr. Bourret graduated with her undergraduate degree from the University of Mary Washington and her Doctor of Podiatric Medicine degree from Temple University School of Podiatric Medicine in Philadelphia, Pennsylvania. She then went on to complete her residency training at Roger Williams Medical Center in Providence, Rhode Island.

Following her education, she became board-certified in foot surgery by the American Board of Foot and Ankle Surgery, whose mission is to protect and improve the health and welfare of the public by the advancement of the art and science of podiatric surgery.

Podiatry is a branch of medicine devoted to the study, diagnosis, and medical and surgical treatment of a variety of disorders of the foot, ankle, and lower extremity. A podiatrist, also known as a podiatric physician or a foot and ankle surgeon, is a medical professional devoted to the treatment of disorders of the foot, ankle, and lower extremity. They can treat injuries and complications from ongoing health issues like diabetes.

Dr. Bourret enjoys sailing, being outside, gardening and spending time with her husband, Alex and daughter Caroline when she is not working.
