

## **George Berberian, MD, FACS, a Cardiothoracic Surgeon with Southeast Hospital**

Get to know Cardiothoracic Surgeon Dr. George Berberian, who serves patients in Cape Girardeau, Missouri.

**New York City, Feb 18, 2020 ([IssueWire.com](http://IssueWire.com))** - Dr. Berberian, a board-certified cardiothoracic surgeon, is licensed by the state of Missouri. He is currently serving patients at Southeast Hospital in Cape Girardeau, Missouri, where his areas of expertise include: coronary artery bypass grafting, aortic valve replacement, mitral valve repair, lobectomy, video-assisted thoracoscopic surgery, carotid endarterectomy, and peripheral arterial bypass.

Southeast Hospital, which is a part of SoutheastHEALTH, is a private, not-for-profit hospital that first opened in 1928. It has grown into a regional medical complex serving over 600,000 people in 22 counties in Southeast Missouri and Southern Illinois.

A Fellow of the American College of Surgeons and a member of the Society of Thoracic Surgeons, the doctor is board-certified in thoracic and cardiac surgery by the American Board of Thoracic Surgery (ABTS). The ABTS is an American surgical organization devoted to surgery of the chest.

After graduating with his Bachelor of Arts degree from the New York University College of Arts and Sciences in 1994, Dr. Berberian went on to earn his medical degree from the New York University School of Medicine in 1998. This was followed by an internship and residency in surgery at the New York University Medical Center in 1999 and 2003, respectively.

Dr. Berberian also conducted research at Columbia Presbyterian Medical Center in the laboratory of Henry Spotnitz, MD between 2003 and 2005. He published several scientific articles in the Annals of Thoracic Surgery and the Journal of Thoracic and Cardiovascular Surgery.

Wanting to further his training, he completed his fellowship in cardiothoracic surgery at UMDNJ Robert Wood Johnson University Hospital in New Brunswick, New Jersey in 2008. He then completed an advanced fellowship in mitral valve repair at Mount Sinai Medical Center in 2009.

Cardiothoracic surgery is the field of medicine involved in the surgical treatment of organs inside the thorax. Cardiothoracic surgeons are medical doctors who specialize in surgical procedures inside the thorax, which may involve the heart, lungs, esophagus, and other organs in the chest. Alongside performing surgery, they also diagnose and treat diseases of these organs.

On a more personal note, Dr. Berberian is happily married. He and his wife, Soce, a registered pharmacist, have two daughters, Narine and Gasya.
