

Mahaguru Kritakritacharya Ji Maharaj – A Sage from India who informed about Coronavirus outbreak in August 2019

Mahaguru Ji has said that if governments come to him for help, he can help control the outbreak

Mumbai, Feb 25, 2020 (IssueWire.com) - Mahaguru Kritakritacharya Ji Maharaj on his Twitter social media post informed the world on 1st August 2019 that “A deadly outbreak of something is coming that will have the most effect on the Chinese peninsula (Chinese region).” Mahaguru Ji had informed that this outbreak will have the most effect in the Chinese region from China to Singapore.

When asked how we can control this, Mahaguru Ji said, " This can be controlled using divine intervention if governments come to me for help, as I have ordered from Gods to help those governments who agree to Lord's terms and are ready to follow Dharma. Some physical things need to be done by governments to prevent its spread."

Mahaguru Ji further added, " I knew it is coming and the effects it will cause. But as this would have been equivalent to fear-mongering, I didn't stress much on this. But still, a lot of people can be saved if governments approach me directly and ask for help. I also need all 'correct' info that governments can provide to confirm physically what is the current status in order to create energies which can curtail its spread and casualty."

Mahaguru Ji always writes whatever he has been ordered to do from Gods or what is going to happen within a few days to few months in the future well in advance on his Twitter profile. Mahaguru Ji has been running this world, controlling all democratic elections, natural calamities like floods, earthquakes, storms, rain, etc since last 23 years on orders from Gods.

Mahaguru Ji helped control the Australian Bushfire disaster, which he live-tweeted on his social media profile. Australia was suffering from severe drought since last 10 years and was having one of the worst bushfire seasons for 3 months. Mahaguru Ji was asked by Gods to help douse this fire. Mahaguru Ji created 12 cyclones and low-pressure areas around Australia along with over 10,000 incidental rain events to control this bushfire by about 30-40% within 18 days from 5th January 2020 to 23rd January 2020, before regular monsoon took over. Mahaguru Ji is not an astrologer, a mere godman or a yoga Guru. Mahaguru Ji goes into state of “Yoga Nidra”, which is a deep state of meditation to converse with Gods and to run this world with divine energies. Divine energies are powers of Gods themselves.

Mahaguru Ji has proved his divinity multiple times in the past few months. He formed governments in State of Maharashtra & Jharkhand in India on orders of Gods, after politicians from these states agreed to terms of Gods. He had told about election results of these states months before even election dates were announced or a single vote was casted.

Mahaguru Ji told that on orders of Gods, what will be seat configuration in Maharashtra assembly elections if one of the parties agreed to Lord's terms, way back in August, about 2 months before actual election took place and results were announced. (Check attached screenshot)

Mahaguru Ji told that he will be creating govt of JMM & INC in Jharkhand, India on orders of Gods on 2nd November 2019, about 2 months before results were declared.

Not only above, Mahaguru Ji had told in April 2019 that on orders of Gods, he will again give chance to Narendra Modi to become India's prime minister with 342+ seats for his alliance in general elections 2019. Ultimately Mr. Modi did form govt with 352 seats.

Mahaguru Ji does not make predictions. As soon as he gets an order from Gods, he writes about it on social media. Then we all can see that happen within few days to few months.

Mahaguru Ji says, "Governments of countries can approach me, according to orders from Gods, I will help stop spread and casualty from Coronavirus COVID-19 using divine energies. As I know how it is going to affect and what are its characteristics, I can also guide them on physically controlling this outbreak."

Mahaguru Ji helps politicians win elections, form governments and he can help governments control any endemic, epidemic, stop or reduce the influence of natural calamities like storms, hurricanes, cyclones, forewarn about upcoming earthquakes and solve major problems like drought or floods.
