

Angie Youngblood, RN, Registered Nurse with Cedars-Sinai Medical Center

Get to know Registered Nurse Angie Youngblood, who serves patients in Los Angeles, California.

New York City, Apr 1, 2020 ([Issuewire.com](https://www.issuewire.com)) - Angie, a well-versed registered nurse, earned her nursing degree from Los Angeles Valley College. Currently, she serves as a Clinical Documentation Specialist at Cedars-Sinai Medical Center in Los Angeles, California.

Cedars-Sinai Medical Center is a non-profit, tertiary 886-bed hospital and multi-specialty academic health science center located in the Mid-City West area of Los Angeles. A part of the Cedars-Sinai Health System, the hospital employs a staff of over 2,000 physicians and 10,000 employees. It is dedicated to providing care for everyone who needs it.

Prior to her current endeavours, Angie served as a licensed vocational nurse at Good Samaritan Hospital in Los Angeles for a period of over 18 years.

Clinical documentation specialists manage clinical trial and service documents. They ensure accuracy and quality among medical coders, doctors, nurses, and other healthcare staff. They maintain charts, medical records, and reports and solve any issues involving documentation.

A registered nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province or similar licensing body to obtain a nursing license. RNs fulfill a variety of job duties. In addition to their primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include leadership, research, performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.
