

Bruce Kornberg, DO, FACC, FACOI, a Cardiologist with Lankenau Heart Group at Lankenau Medical Center

Get to know Cardiologist Dr. Bruce Kornberg, who serves patients in Wynnewood, Pennsylvania.

New York City, Mar 26, 2020 ([Issuewire.com](http://www.Issuewire.com)) - Named one of the Top Docs in Philadelphia by

Philadelphia Magazine in 2016, Dr. Kornberg is a board-certified cardiologist with an interest in echocardiography and nuclear cardiology. He is a part of the Lankenau Heart Group at Lankenau Medical Center in Wynnewood, Pennsylvania.

“I desire to take care of patients because I enjoy it. I get to know wonderful people from all walks of life. I try to educate them about their diseases and how they can help themselves feel better and live longer. I look at the whole patient and try to incorporate the physical and mental problems associated with their cardiac problems. I address their problems and fears in an open and honest mannerism so they understand their disease better and are no longer fearful.” as stated by the doctor.

Since July of 1997, Dr. Kornberg has served as Chairman of the Department of Cardiology at the Philadelphia College of Osteopathic Medicine. He also holds several other positions within the said educational venue, including Clinical Professor of Medicine, Co-Vice Chairman of the Department of Medicine (1990 - present), and Core Curriculum Chairman for Clinical Cardiology (1995 - present).

Prior to his current endeavours, he served as Medical Director of the Coronary Care Unit and Intensive Care Unit at City Avenue Hospital (1988 to 1995, and January 1, 1999, to May 1, 2000), Chairman of the Division of Cardiology at City Avenue Hospital (January 1999 to May 2000), Clinical Assistant Professor of Medicine at the Medical College of Pennsylvania and Hahnemann University (1995 to 2000), and Director of Medical Education of the Osteopathic Program at the Medical College of Pennsylvania (July 1, 2000, to June 30, 2001).

Back in 1978, Dr. Kornberg earned his Doctor of Osteopathic Medicine (DO) degree from the Philadelphia College of Osteopathic Medicine. He then went on to complete his internship and residency at the same educational venue, where he served as Chief Intern and Chief Medical Resident. From there, he completed his fellowship at Deborah Heart and Lung Center in Brown Mills, New Jersey, where he served as Chief Cardiology Fellow.

Among his postgraduate awards and recognitions, he is the recipient of the Henry E. D’Alonzo Award for Outstanding Intern from the Philadelphia College of Osteopathic Medicine (1978 - 1979), the Clinical Teacher of the Year Award in the hospitals of the Philadelphia College of Osteopathic Medicine (1983-1984, 1988-1989, 1992-1993, 1994-1995, 1997-1998, 1998-1999, 1999-2000, 2000-2001, 2003-2004, 2005-2006, 2009-2010, and 2010-2011), the Mary Lindback Award for Outstanding Teacher from the Philadelphia College of Osteopathic Medicine (1990), the Minority Students of Philadelphia College of Osteopathic Medicine Leadership Award (1993), and the Humanitarian of the Year Award from the College of Physicians (2006), among many others. He has also conducted numerous publications in peer-reviewed journals, including “When to Refer Your Patient for Heart Valve Replacement” in the Annals of Osteopathic Medicine (Vol.11, No.2) and “A Review of Coronary Artery Anomalies” in the Journal of the American Osteopathic Association (1989).

With regards to his personal appointments, Dr. Kornberg served as the President of the Advisory Board of Washington College in Chestertown, Maryland (1995 to 2000), a member on the Board of Directors at Temple Adath Israel (1995 to 1998), and as the President of Delaware Valley Medical Specialties (1999 to 2003).

A Fellow of the American College of Cardiology and a Fellow of the American College of Osteopathic Internists, the doctor is board-certified in both internal medicine and cardiovascular disease by the American Board of Internal Medicine, which is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world. He is also a member of the American Osteopathic Association.

Cardiology is a branch of medicine that deals with the disorders of the heart, as well as some parts of the circulatory system. The field includes medical diagnosis and treatment of congenital heart defects, coronary artery disease, heart failure, valvular heart disease, and electrophysiology. Cardiologists are doctors who diagnose, assess, and treat patients with diseases and defects of the heart and blood vessels (the cardiovascular system).

On a more personal note, Dr. Kornberg is married with two children.
