

Ekay's Song 'Ctrl' Fully Uncovers her Influential Voice to Attract the Audience and Leaves them Mesmerized

Singer/ songwriter Ekay gives a breakthrough performance in her latest song 'Ctrl' that assures the audience of her inevitable musical taste and creativity.

Houston, Dec 31, 1969 (Issuewire.com) - **Ekay** once again proves that she is a master in creating significant melodies with her recent creation that celebrates her voice all throughout. The subtle strength and power in her voice show her natural singing ability as she softly whispers the words in a soulful emotive manner. The singer has a mesmerizing voice that focuses entirely on the poetic ideas and establishes a smooth bond with the listener. Her recent track is an example of atmospheric beauty and pure bliss as the singer washes the words with her feather-like, warm simplicity.

The song '[Ctrl](#)' is undoubtedly a profound display of the singer's musicality as [Ekay](#) humbly yet impressively floats through dream-like layers that work magically to let the audience experience her tremendous melodious voice. The track hits with an unexpected impact and mostly sentimental that deserves to be heard in stillness to soak in the essence. The artist has a very unconventional take on music and her songs are briefly a multitude of creative thoughts as she dubs herself as a neo-soul rap head.

'**Ctrl**' helps the singer to channel out her freestyle and designs as she sings impressively to add certain mightiness to the hook. The latest song well assures that the artist has a wonderful voice that pays tribute to quiet and calm in the most appealing manner. As the song flows smoothly, the vocalist makes evident that her ability is to make musical waves around the listener.
