Consultancy | E-learning Courses | Calibration

Newark, Mar 5, 2020 (Issuewire.com) - Global Manager Group (GMG) – one of the largest business management consulting and training company, which focuses primarily on offering a full range of consulting services, is **celebrating its 25th year of foundation** – it's Silver Jubilee – on 5th March 2020.

Founded by [Mr. Devang Jhaveri](#) on 5th March 1996 company has stood the test of time and has provided consultancy and management solutions for startups, SMEs and large organizations, including

government organizations, to move forward on their journey of growth by establishing and implementing better management systems in their organizations. Today the [Global Manager Group](#) of companies has many vertical including ISO consultancy for more than 70 standards; instrument calibration; online auditor certification courses and classroom training programs.

Since its inception in 1996, as a small start-up business, GMG has achieved a number of milestones in the field of ISO and other management system consultancy, total documentation solutions, and equipment calibration.

In the post-globalization era, Global Manager Group of companies is a shining example of the success of management consultancy services. It is a company that has always strived to exceed its client's expectations, by providing them with high quality and time-bound customized consultancy services catering to their needs.

In its successful journey of 25 years, GMG group of companies has established itself as a leading consultancy firm in India having both off-shore and on-shore clients. Within few years of its inception, the group reached the benchmark of 100 clients who achieved various kinds of ISO certification. It also started to offer all ISO series consultancy, including consultancy for documentation and certification/accreditation for International Standards like ISO/IEC 17025, ISO 22000, ISO 27001, CE Mark, BRC food safety, HACCP and ISO 50001 etc.

In the year 2004, Global Manager Group started consultancy for various management areas. Within a decade of its journey, the company started selling ready-to-use editable training presentation and documentation kits for more than 70 ISO standards and other management areas. In the US market itself, GMG has sold more than 1000 training and document kits and has got many appreciations from customers. So far it has more than 2700 satisfied customers in certification solution and management areas in more than 27 countries worldwide. The company has a branded image of timely completion of work with billing rates almost 40 percent lower than the industry rate. The company has been able to deliver services in a time as short as 12 to 24 hours of receiving client's consent for services.

To cater to the needs of all types of industries, Global Manager Group of companies has set-up a permanent facility at Ahmedabad, Gujarat, for calibration of equipment. As a sister concern of GMG, National Centre for Quality Calibration(NCQC) started functioning in 1998, which is an ISO/IEC 17025 (NABL) accredited [Calibration Laboratory](#) for all type of instruments.

Global Manager Group added another feather in its cap when [Punyam Academy](#) was launched in 2018. Punyam Academy offers classroom training programs as well as online courses on various ISO and management systems. Within less than a year, this company has achieved NBQP accreditation for providing certified classroom training on "Laboratory Management System & Internal Audit as per ISO/IEC 17025:2017". Punyam Academy's online certification courses are popular worldwide among ISO consultants, ISO auditors as well as management personnel.

Over the years, GMG has continued to increase its operations and support services as well as its overall capacity. With humble beginnings with 5 employees, now the company has increased its staff strength to 70 employees. Also, it has brought specialists as associate consultants to be able to manage larger projects. Global Manager Group's services have expanded in recent years to develop business systems and solutions for start-ups who are in need of customers.

Keeping up with its track record of last 25 years, Global Manager Group looks forward to achieving many more milestones and celebrate many more anniversaries in the future as its footprint continues to

grow as a leader in innovative and creative solutions for ISO certifications and various management areas.
