

Jarrold A. Freeman to help the strain - Australian Political Advisor

Melbourne, Mar 21, 2020 (Issuewire.com) - Jarrold A. Freeman (CEO of Triptekt Productions) has started a campaign to inform Australia about the coronavirus. Stating political facts to abroad the idea of Operation: ISO (isolation) and Operation: Fish Out Of water (which is a campaign to issue Respirators to those infected) Jarrold A. Freeman, is 25 and wants to help the disease be stopped in its tracks. Jarrold A. Freeman, warns the world about the coming of world war 3 with China and America due to the

virus. The virus has ruined a lot of families and life. Jarrod also stats the virus is only at its baby stages. It will spread to everyone causing a world epidemic on a scale like the Plague and killing many. Jarrod also says The transmissions must be slowed down to prevent the casualties. All ages will be effected and the virus will do irreversible damage to lungs if In contact. The operation iso. Is a must and martial law shall appropriate world wide. Jarrod also says the hot weather and humidity will help defeat the virus but our hygiene is the best solution in defence.
