

Sandra Stemberga, RN, a Registered Nurse with NYU Winthrop Hospital

Get to know Registered Nurse, Sandra Stemberga, who serves patients in Mineola, New York.

New York City, Mar 16, 2020 ([IssueWire.com](https://www.issuewire.com)) - With a demonstrated history of working in the hospital & healthcare industry, Sandra is a registered nurse who can be found on staff at NYU Winthrop Hospital in Mineola, New York.

NYU Winthrop Hospital, part of NYU Langone Health, is ranked by U.S. News & World Report as one of

the top-10 New York metro-area hospitals. The hospital was founded in 1896 and is now a 591-bed medical academic center and ACS Level 1 Trauma Center that offers care in nearly every specialty and subspecialty of medicine and surgery.

After earning her Bachelor of Business Administration (BBA) degree from Pace University, Sandra went on to obtain her Bachelor of Science in Nursing (BSN) degree from Concordia College in Moorhead, Minnesota. She is currently enrolled at the State University of New York Polytechnic Institute, where she is studying to pursue her Master of Science in Nursing (MSN) degree.

In addition to maintaining a professional membership with The Sigma Theta Tau International Honor Society of Nursing, she holds certificates in Advanced Cardiac Life Support (ACLS), Basic Life Support (BLS - not intended for postnominal use), and Medical-Surgical Nursing.

A registered nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province or similar licensing body to obtain a nursing license. RNs fulfill a variety of job duties. In addition to their primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include leadership, research, performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.

When she is not working, Sandra enjoys gardening. In addition to English, she speaks Croatian.
