

Susan A. Armstrong, DDS, a Pediatric Dentist with Armstrong Pediatric Dental

Get to know Pediatric Dentist Dr. Susan A. Armstrong, who serves patients in Moorestown, New Jersey.

New York City, Mar 4, 2020 (Issuewire.com) - Dr. Armstrong, a board-certified pediatric dentist, is the owner of Armstrong Pediatric Dental in Moorestown, New Jersey. When patients visit her dental practice, they see first-hand her kid-oriented style and fun personality.

“Our mission is to provide the best and most caring dental health service possible for your children. We recognize the uniqueness of every child and work with families to educate their children about proper dental care and the importance of preventive oral hygiene. We believe that prevention is the key to keeping your children cavity-free with a bright and healthy smile for the entire world to see. Your experience at Armstrong Pediatric Dental will be special because we understand that you and your children are special.” as stated on their website.

With a genuine concern for all children and their unique needs, Dr. Armstrong maintains a professional membership with the American Academy of Pediatric Dentist, the American Dental Association, as well as the local New Jersey Dental Association. In addition to her private practice, she has worked in Philadelphia at the Temple Episcopal Pediatric Dental Residency Program for over four years as an Attending Instructor, helping to train future pediatric dentists.

Originally from Belzoni, Mississippi, she graduated from Idaho’s Boise State University with a Bachelor of Science degree in Biology. She then went on to earn her Doctor of Dental Surgery degree from the Creighton University School of Dentistry in Omaha, Nebraska in 2000. Upon graduation, she attended Maimonides Medical Center, where she completed her residency in pediatric dentistry.

For the purpose of staying on the cutting-edge of clinical advancements in her field, Dr. Armstrong became board-certified in pediatric dentistry by the American Board of Pediatric Dentistry, whose mission is to certify pediatric dentists through a voluntary examination process that continuously validates their knowledge, skills, and experience for delivering quality patient outcomes.

Pediatric dentistry is the branch of dentistry dealing with children from birth through adolescence. Pediatric dentists are dedicated to the oral health of children from infancy through the teen years. They have the experience and qualifications to care for a child’s teeth, gums, and mouth throughout the various stages of childhood. Children begin to get their baby teeth during the first 6 months of life.

Named a Top Pediatric Dentist in the State of New Jersey in 2018 and a Top Dentist by South Jersey Magazine in 2019, the main thing that Dr. Armstrong attributes her success to is her ability to provide quality customer service, her genuine care for patients and their families, as well as her compassionate nature.

Outside of practicing dentistry, she lives in south New Jersey. She enjoys reading, skiing, singing, and composing music. She especially enjoys the time she is able to spend with her family and friends.
