

## What is to come to SANTA TRACKER in 2020

Santa tracker R 2020

**Fayetteville, Mar 3, 2020** ([Issuewire.com](http://Issuewire.com)) - SANTA TRACKER is bringing a lot of new things to the 2020 tracking season. As you may already know we have our online store and new products will be released in the year 2020. We are very excited to announce that we have a mobile app this year that is available for iOS and Android. You can find the app under the name Santa tracker Inc. in the App Store and in the Google play store. Please note the app is 100% free for download and there are no in-app purchases required. Inside the app, you will be able to keep up to date on what we are posting on all of our social media platforms. You will also be able to access our online store and purchase items from inside the app. You will also be able to read about our organization and our contact information will be listed inside the app with our business hours. You will also be able to access our box office and purchase tickets to our events inside the app. Please note our tracker is not inside of the app at this current time. But in December we will be releasing an app update that will include our tracker. So you will be able to track Santa on Christmas Eve with us on the go. We will be releasing more information as we can. But we got a lot of great exciting things to come in 2020.
