

Albany Native Keith Graves talks about the high expectations for his England girls basketball team

Bulgize, Apr 27, 2020 (IssueWire.com) - New Springfield basketball coach Keith Graves talks about the high expectations placed on his SCA team and "succeeding famously".

"This year will be one of the best-talented teams SCA girls has ever had and we are expecting to perform at a high level " Keith Said. Our girls' program has incredibly high expectations from within and from without. Me and a few other coaches are working on some big things this year and we are planning to compete on a level that our boys' basketball team competes on as they are #8 in the country.

We have a great group of girls that are on campus and they will be enrolling at SCA. We are going to succeed in the classroom and on the court.

Diversity is important at SCA. Our students not only come from England; there are also students hailing from as far as France, Kyrgyzstan, Serbia, Senegal, the Dominican Republic and Mainland China. We also have one of the top Team Grade Point Averages in England. The kids that I have spoken with love it at SCA and they take care of them.

(SCA) is a co-ed boarding college preparatory school for grades 6 to 12 offering a strong academic curriculum and counseling resources to ensure students excel at learning and successfully transition into colleges and universities which match each student's unique needs.

I am very thankful to be apart of the SCA family and I thank Mr. Darron Jones, Nick Couluris & Andre Lilly.
