

## Check Poets and Lyricists Geral John Pinault's Latest Invention on Guitar Chords for Disabled People

**North Platte, Apr 6, 2020 ([Issuewire.com](http://Issuewire.com))** - In addition to being one of North America's top poets and lyricists Geral John Pinault has created an innovative method using Left and Right-handed Guitar Chords for people with handicaps such as Dyslexia and the inability to read individual musical notes! When the guitarist looks down at the neck on the guitar and sees his fingers on the chord that he wants to play he is seeing the same image in the Chord Box at the top of each song! This makes it so easy to perform each chord and play the song!

Geral John is a resident of North Platte NE and he is the author of the incredible music series, "*The Best of Geral John Pinault's Love Songs*" a collection of 64 Guitar Songbooks! He celebrated the historic milestone of having written more than 1,000 Pop-Country/Pop-Adult Songs in November of 2019!
