

DeWayne L. Weaver, MD, FAAOS, an Orthopedic Surgeon with Lewiston Orthopedics

Get to know Orthopedic Surgeon Dr. DeWayne L. Weaver, who serves patients in Lewiston, Idaho.

New York City, Apr 16, 2020 ([IssueWire.com](https://www.issuewire.com)) - Board-certified orthopedic surgeon, Dr. Weaver, joined Lewiston Orthopedics in 2018. He specializes in general orthopedics, which includes the surgical and nonsurgical treatment of a variety of injuries and conditions such as upper and lower extremity fractures, carpal tunnel syndrome, trigger finger, tennis elbow, cubital tunnel, knee ligament and

meniscal injuries, shoulder instability, rotator cuff tears, various tendon ruptures, shoulder, hip and knee arthritis treatments including robotic knee replacements.

Dedicated to getting his patients back to their healthy and active lifestyles, he works closely with them in developing personalized treatment plans. He also offers the highest level of care to help them achieve a definitive change in their overall function and quality of life.

Lewiston Orthopedics, a Division of Catalyst Medical Group, is proud to serve the community as dedicated experts in orthopedic care, providing experienced and compassionate treatments to patients in Lewiston, Idaho and the surrounding areas. The doctors and staff of Lewiston Orthopedics specialize in bone, joint, and muscle injuries and conditions and are dedicated to keeping area residents active and pain-free.

A 2009 graduate of Indiana University School of Medicine, Dr. Weaver went on to complete his surgical internship and residency in orthopedic surgery at the Madigan Army Medical Center in Tacoma, Washington. He served as a Major in the United States Army and as Chief Orthopedic Surgeon at Bassett Army Community Hospital with one deployment on a forward surgical team to Iraq.

In addition to being a Fellow of the American Academy of Orthopedic Surgeons and a member of the Society of Military Orthopedic Surgeons, the doctor is board-certified in orthopedic surgery by the American Board of Orthopedic Surgery (ABOS). The ABOS is an organization with the goal of establishing educational and professional standards for orthopedic residents and surgeons, as well as evaluating the qualifications and competence of orthopedic surgeons.

Orthopedic Surgery is the branch of surgery concerned with conditions involving the musculoskeletal system. Orthopedic surgeons use both surgical and nonsurgical means to treat musculoskeletal trauma, spine diseases, sports injuries, degenerative diseases, infections, tumors, and congenital disorders. They work in clinical and hospital settings.

When he is not seeing patients, Dr. Weaver spends his free time outdoors. He enjoys backpacking, cross-country skiing, fishing, hiking, hunting, playing golf, snowboarding, and snow machining.
