

## Double Certification of MS 1900:2014 and ISO 9001:2005 to GA SKYLIGHT BERHAD

**Kuala Lumpur, Apr 21, 2020 ([IssueWire.com](http://IssueWire.com))** - GA SkyLight Berhad (GASB) is proud to be awarded a double certification of MS 1900:2014 and ISO 9001:2015 by SIRIM QAS International Sdn Bhd, Malaysia's leading certification body. Being a partner of the International Certification Network (IQNet), companies wanting to comply with internationally recognized standards have found their ideal solution in SIRIM QAS International's certification scheme.

To become compliant, GASB underwent stringent evaluation processes that included quality management system development, management system documentation review, audit and initial assessment. A thorough review of the management system was conducted before certification to the standard was provided. Accreditation by an independent third-party specialist (SIRIM QAS International) gives our clients an independent assurance that our commitment to quality permeates everything we do.

GASB is a business corporate consultancy and advisory holdings company. GASB brings experiences and expertise in scaling up companies and believes in forming long term relationships with its clients be it on funding, advisory or support. Leveraging on its extensive network for investment opportunities globally and regionally, GASB will then seek to negotiate and structure a framework that is a win-win to all its stakeholders, clients and investors.

MS 1900 is a certification for an organization seeking a Shariah-based quality management system. The standard specifies requirements for a Shariah-compliant quality management system ensuring the incorporation of appropriate and universally-accepted values in the quality management process of your company. The standard includes halal aspects of delivering products and services too. Obtaining MS 1900:2014 certification officially verifies that GASB is in compliance with internationally recognized Shariah requirements. The scope of GASB business, primarily in providing corporate advisory services are all in accordance with the Shariah governance regulations. "Being a Shariah-Compliant organization is a significant feat as it ensures GASB maintains the high standards services and will continue to deliver great value, quality and excellence to all stakeholders," said Dr. Choo Koon Lip, Director of GASB.

ISO 9001 is the most widely used and recognized standard for Quality Management Systems

internationally. ISO 9001 certifies that an organization produces quality products and services, satisfies customers' requirements and industry standards. GASB is proud to be awarded ISO 9001:2015 certification thus being recognized and ensured that the products and services meet the needs of clients through an effective quality management system.

“We have developed and implemented our quality management system in order to improve the overall performance, maintain a high level of quality and strong customer service. Our decision to work towards ISO 9001 accreditation demonstrates the commitment to providing high-quality and consistent products and services to our clients and our ongoing investment in development and improvement,” added Dr. Choo. In all, we can proudly and safely state that GASB is built with quality and transparency in mind. We integrate the attitude of quality in our daily work and continuously challenge ourselves to improve the quality management system to provide products and services that meet or exceed the needs and expectations of our customers, always complying with the specifications and regulations.
