

Emese Kalnoki-Kis, MD, a Plastic Surgeon with Concord Plastic Surgery

Get to know Plastic Surgeon Dr. Emese Kalnoki-Kis, who serves patients in Concord, New Hampshire.

New York City, Apr 24, 2020 (IssueWire.com) - Dr. Kalnoki-Kis is a highly-skilled plastic surgeon with Concord Plastic Surgery in Concord, New Hampshire. She offers aesthetic and reconstructive breast surgery and body contouring procedures, with particular expertise in those procedures used to address the effects of weight loss or pregnancy. She adheres to the philosophy that plastic surgery should provide patients with a restored sense of self-confidence and wellbeing.

Specializing in plastic, reconstructive & cosmetic surgery, her areas of interest include abdominoplasty, brachioplasty, circumferential abdominoplasty, liposuction, breast augmentation, breast reconstruction, and Top surgery for gender reassignment.

A part of Concord Hospital, Concord Plastic Surgery encompasses board-certified plastic surgeons providing a full complement of cosmetic and reconstructive procedures in a personalized and confidential manner. They are dedicated to restoring the body's form and function. They do so by performing procedures to remove skin cancer, heal wounds, restore proper shape and function to areas destroyed by trauma or cancer, and by helping restore a youthful appearance.

The doctor's acclaimed career in medicine began in 2002 after she earned her medical degree from Wright State University Boonshoft School of Medicine in Dayton, Ohio. Wanting to further her education, she completed an integrated surgical residency at Banner Good Samaritan Regional Medical Center in Phoenix, Arizona in 2007. Thereafter, she completed a plastic surgery residency at the University of Louisville School of Medicine in 2009, followed by an aesthetic and reconstructive breast fellowship at the Center for Breast and Body Contouring in Grand Rapids, Michigan in 2010.

With a dedication to patient safety and satisfaction, Dr. Kalnoki-Kis is board-certified in plastic surgery by the American Board of Plastic Surgery (ABPS). The mission of the ABPS is to promote safe, ethical, efficacious plastic surgery to the public by maintaining high standards for the education, examination, certification, and continuous certification of plastic surgeons as specialists and subspecialists.

Plastic surgery is a surgical specialty involving the restoration, reconstruction, or alteration of the human body. It can be divided into two main categories - reconstructive surgery and cosmetic surgery. A plastic surgeon's primary responsibility is performing surgical and non-surgical procedures, and they use a variety of reparative and reconstructive techniques to get the job done.

On a more personal note, Dr. Kalnoki-Kis has a particular passion and talent for art. The precision, attention to detail, and vision for the finished work required for painting is reflected in her surgical results.
