

Krishna Chaitanya Mylavarapu, MD, a Neurologist with Baptist Health Neurology Outpatient Clinic

Get to know Neurologist Dr. Krishna Chaitanya Mylavarapu, who serves patients in Little Rock, Arkansas.

New York City, Apr 29, 2020 ([IssueWire.com](https://www.issuewire.com)) - Dr. Mylavarapu is a practicing neurologist whose focus is on Alzheimer's disease, dementia, epilepsy, headaches, multiple sclerosis, neuropathy, Parkinson's disease, seizures, and stroke. He tends to patients at Baptist Health Neurology Outpatient Clinic in Little Rock, Arkansas. It is a part of Baptist Health - Arkansas' largest and most comprehensive

not-for-profit healthcare organization.

“My partners and I encourage patients to be active decision-makers in their care, and we strive to provide them with the information they need to make informed decisions. Our mission is to hold patients’ at the forefront of our purpose, through maintaining patient-centered, compassionate care. Our practice philosophy is one that supports our mission, thus holding patients at the forefront of our purpose and maintaining care that is patient-focused, striving to reach an optimum level of functionality” as stated by the doctor.

Professionally, he is also affiliated with Baptist Health Extended Care Hospital, Baptist Health-Conway, Baptist Health-Little Rock, Baptist Health Neurology Outpatient Clinic, Baptist Health Rehabilitation Institute-Little Rock, and Baptist Health-North Little Rock.

As for his academic career, Dr. Mylavarapu earned his medical degree from Kempegowda Institute of Medical Sciences in Bangalore. Upon relocating to the United States, he went on to complete his residency at the University of Iowa Hospital & Clinics.

Following his education, he became board-certified in neurology by the American Board of Psychiatry and Neurology, a not-for-profit corporation dedicated to promoting high-quality patient care for the public through the initial and continuing certification of psychiatrists and neurologists.

Neurology is a branch of medicine dealing with disorders of the nervous system. Neurologists are licensed medical specialists who diagnose and treat disorders that affect the brain, spinal cord, nerves, and muscles of patients. They examine a patient’s mental and physical status, conduct medical tests and scans, and evaluate the results to diagnose and treat the patient.
