

Samdesh Thakur-Youngest and talented entrepreneur of India

Samdesh Thakur is the person who is very challenging in his life, He is from Pathankot and he is the CEO of 13 technologies

Pathankot, Apr 21, 2020 (IssueWire.com) - In today's generation, the online platform is a great opportunity for everyone but the thing is that everyone doesn't know about it and some are afraid of losing so they don't try, similarly in the world of internet digital entrepreneur is one of them, there is one person who has overcome the fear of losing and got success his name is Samdesh Thakur, the youngest Digital entrepreneur of India.

[Samdesh Thakur](#) is the person who is very challenging in his life, He worked very hard in his life for the betterment of his future. He is from Pathankot and he is the CEO of The13 technologies, He owns this startup with great hope and dreams and with that hope he struggled a lot and due to which he is in the peak of his career. Samdesh Thakur was the person who utilized the internet and digitalization in India to build his life smartly.

His company is an IT startup that deals in web designing and development branding, digital Marketing, Data recovery, online advertising. The main goal of the company is to provide the best services in

Affordable price.

At the age of getting inspired, Samdesh Thakur stood as an inspiration for the young generation of India and also for many other people, He uses the innovation in the IT and computerization perfectly to get success in the life. Samdesh knows how to outrank people with right marketing strategies and to do that you need sound knowledge because you are not the one in the market there are many experts roaming around to cut your path and clients from you with their skills.

To come to the top in this competitive world, you need continuous effort to learn new things and shares things with people. Samdesh things that sharing knowledge and skills with everyone makes you perfect in your knowledge, and never bother about the result if you are trying to do some innovative.

The way of approaching in the digital marketing is very exciting and as a digital marketer, he knows how to attract people in the social media platforms, through Facebook, Instagram and youtube videos he makes everyone understand and also people waits for all his videos and articles. He elaborates the topics and strategies with an efficient manner so that everyone can understand the strategies and work.

He has perfect manner how to deal with the critical situations and how to find the solutions for the problems, with all these abilities in his mind, He is a successful and left behind all other persons in this path. He did all the work and took all his steps in a disciplined way. As per his perception Discipline in life is the most important thing and it plays a vital role in everyone's life.

He never left any day's work pending in his entire work nor he took any rest. Every sleepless night and dozing in the day time and again working, in the same way, makes him achieve this goal. No work is impossible everything is possible if the work is done with great dedication and perfection. Doing hard is not everything thing instead of that we should also do it smartly on the internet.

Once he took the step of being a digital entrepreneur he never looked back in his life nor he had any regret at any point of his struggling days all he did with determination. He is mentally very powerful. From very humble background he is here to make the country proud with his work and also to motivate the person to work on this platform so that they can also achieve many things in their life

At the end, I would wrap up all things and I would say that Samdesh Thakur would be the best digital entrepreneur in the world and it will be a proud moment for us and for my country
