

FutureTouch, Creations Announces the Release of The Malcolm X Ring, Fine Art Jewelry You Can Wear

The Truth Has A Ring To It!™

Tampa, May 13, 2020 (IssueWire.com) - **FutureTouch, Creations is proud to announce the launch of MalcolmXRing.com.**

After a 25-year struggle to protect and bring integrity to his responsibility, Malcolm Craig Dumas exceeds expectations in his promise to Dr. Betty Shabazz.

Fine Artist Jeweler, Malcolm Craig Dumas

Mr. Dumas's work has earned two U.S. Patents for his X Ring designs. He is the founding owner of his Business called FutureTouch, Creations, which holds the X Ring patents. His works are truly exceptional, to say the least. After all, it is a work of Fine Art!

The Business Established in 2002

Malcolm Craig Dumas incorporated his business FutureTouch, LLC in 2018. He created the website MalcolmXRing.com, to host his Exclusive Online Store. There, you may commission the Fine Artist to sculpt a Malcolm X Ring © out of precious gold. "Most important for me," says Malcolm, "I want everyone to know and receive the true meaning and purpose of the Malcolm X Ring. You must know the information from me personally, because Dr. Betty Shabazz and our Ancestors entrusted me to bring the Truth to you! For this reason, I have created an email campaign to "Learn More," says Malcolm Craig Dumas.

*For Collectors and Patrons of the Art, a reserved "First Fifty" [Artist] Signature Series will be available upon a first-come, first-served basis. Malcolm Craig Dumas says, "A percentage of the sales will go to the Daughters of Malcolm X Shabazz and Dr. Betty Shabazz. An additional percentage will go to an "Awards Charity," under the direction of the members of the **Malcolm X Ring of Honor.**"*

*The Time is Now, For a New Classic! This is not a Mall quality or a retail jewelry chain.
This is Fine ART Jewelry You Can Wear!!*

“The Gift” of Legacy

“This ring immortalizes Malcolm X Shabazz”, says the Fine Artist! It is not like hats or T-shirts that wear out. It is a work of fine art, made of the finest precious materials. It has a meaning and a legacy, which makes it invaluable to our American history as an heirloom. The goals and purpose established by Malcolm Craig Dumas, Dr. Betty Shabazz, and the Elders, all come to fruition online and through Social Media. There will be no miss- information received in an email campaign. You will “Learn More.” “The Truth Has A Ring To It!™ is the theme of the Ring and the name of the website “Blog”. There you can share good thoughts and productive thinking with others. Facebook, Instagram, and the “Malcolm X Ring of Honor,” all have quite the intricate part to play in establishing and fulfilling the meaning and purpose of the Malcolm X Ring.

The Fine Artist Fights and Wins the Struggle!

When asked, what was the hardest thing, of your 25-year struggle to bring the vision to fruition? Malcolm Craig Dumas replied, “There were so many people who wanted to trap the Malcolm X Ring. My elders warned me about the very things. I had to learn, this is more than just a fashion statement or a one-ups-man-ship over another.

”What they did not know is, God gave this to me to do. It is done HIS way, with love and patience in HIS Time, not mine. HIS way has exposed a whole lot of people and their agendas. And when HE gives you something to do, it doesn’t work for anybody else! It Works only for you, to HIS GLORY!!” says Malcolm Craig Dumas.

For Those Who Sit High and Look Low!

This is a wake-up call, and for those who are asleep, for those who practice hate, for those who teach incorrectly and misguides the public about Malcolm X Shabazz and/or the Malcolm X Ring, The Truth to this Ring is in the Vision. To be “Opposed to Man’s Inhumanity to Man!”
