

## Sarvang acknowledged as 10 Most Promising SAP Implementation companies by Silicon India

SILL recognized as one of top SAP Implementation company

Korba, May 25, 2020 ([Issuewire.com](http://Issuewire.com)) - [Sarvang Infotech India Ltd](http://Sarvang Infotech India Ltd) (SILL) is acknowledged as one of the top 10 most promising SAP Implementation companies - 2019 by Silicon India in July 2019.

Beyond the frontiers of a mere ERP, SAP has been transformed into a service-oriented architecture that delivers adaptive solutions for effective business management to a wide range of behemoths, Fortune 500 companies, and SMEs in the world.

According to Anand Goel, Director, [SILL](http://SILL), "Sarvang Infotech India Limited, is an enthusiastic firm serving from last 15 years and renowned as an ISO 9001:2008 certified [SAP consulting company](http://SAP consulting company), with an active goal for striving to solve current industry problems by providing interfacing service, and end-to-end consultancy solutions by integrating Non-SAP application (mobile application) to SAP solution."

This integration properly optimizes & automates clients' business processes and also boosts their productivity while providing ease of using applications and ensuring better mode of doing business. "Today, the integration of SAP and non-SAP applications is required in every aspect of SAP-related business fields, whether it is HR, MPQ, or any other. Being a mobile application development firm, we

craft a mobile app and integrate that application with SAP solutions to outgrow every customer's need. We majorly deal with two fields in SAP. First, we render interfacing solutions; and second, we provide end-to-end consulting services, including manpower outsourcing," mentioned Anand Goel, Director, Sarvang Infotech India.

Today, this fast-growing venture upholds 50+ prestigious business partners (growing at 150 percent pa) and 1000+ satisfied customers, including some big industry giants like [NTPC](#), [SBI](#), [LANCO](#), and many more to provide rich solutions to every client.
