Ukti Phadnis, DMD, a Dentist with Wethersfield Dental Group & West Hartford Dental Group

Get to know Dentist Dr. Ukti Phadnis, who serves patients in Connecticut.

New York City, May 27, 2020 (Issuewire.com) - Recognized as a kind, caring, honest and trustworthy dentist, Dr. Phadnis is the Founder of Wethersfield Dental Group in Wethersfield, Connecticut. Enjoying practicing all kinds of dentistry, she aims to deliver high-quality dental care by

providing thorough patient education and proactive preventive treatment for the entire family. She also strives to form long and trusting relationships with each of her patients so that their appointments are always relaxed, comfortable, and fulfilling.

Whether she is providing a comprehensive screening for sleep apnea or helping patients formulate the perfect cosmetic makeover plan to regain a confident smile, Dr. Phadnis's attention to detail and genuine compassion is apparent from the first appointment.

In her current capacity, she also serves as the owner and operator of West Hartford Dental Group in West Hartford, Connecticut. She works alongside Dr. Dhingra, a board-certified prosthodontist, providing comprehensive and state-of-the-art advanced dental care in one convenient location. They strive, as a team, to work towards a healthier smile and a better overall quality of life as well.

At the start of her college education, Dr. Phadnis received her Bachelor of Science (BS) degree in Neuroscience from the University of Connecticut. She then went on to enroll at the UConn School of Dental Medicine, where she obtained her Doctor of Medicine in Dentistry (DMD) degree. Since graduating, she has taken numerous continuing education courses in order to become an even better clinician. So far, she has completed advanced training focused on dental implants, TMJ therapy, cosmetic dentistry, and Invisalign.

It is Dr. Phadnis' professionalism, skills, and overall dedication to the excellent care that catch the eyes of patients. She works diligently to stay up-to-date on the latest advancements in dentistry through her membership with the American Dental Association, the Hartford Dental Society, the Connecticut State Dental Association, the American College of Prosthodontists, and the American Academy of Periodontology.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions and perform other duties to ensure that the teeth and mouth are healthy.

Proud members of the West Hartford community, Dr. Phadnis, and the rest of her dental team are truly committed to making their home a better place for everyone. They believe that education is a vital aspect of oral health, especially for children, which is why they provide a number of free seminars at local schools and daycares about the basics of oral hygiene. They also honor veterans on Memorial Day by providing free dental exams and cleanings to thank them for their service, as well as do a number of holiday giveaways throughout the year.
