

## Amazon Leasings Exotic Car Lease Calculator for Public and Dealers

**Camarillo, Jun 11, 2020** ([Issuewire.com](https://www.issuewire.com)) - After 5 decades of trend-setting Lease Solutions for consumers and dealers, Amazon Leasing (<https://amazonleasing.com>) announces the new triple tier Lease Calculator. Payments fast for Exotics and Vintage cars from 36 to 72 months fast.

All shoppers want payment fast and want to qualify for credit lines fast and our closed-end lease without a pre-payment penalty makes early payoffs simple.

Choose one of our lease returns or shop our network of dealerships or find your own car with a private party, or even pre-qualify for eBay and or auction credit lines.

Consumers and business owners access triple-tiered credit and financial criteria driven by forensic accounting that allows even those with tax liens and divorce issues with low credit scores quick alternatives.

Tier 1 is for the most elite of buyers and business owners complete business and personal tax returns and personal financial statements required. The current lease buy rate of 3.5% available to our dealer network is one of the lowest rates in the industry.

Tier 2 is for credit scores of 680 or above with just the first and second page of a tax return and a buy rate of 4.5% apr available through our delaeer network.

Tier 3 for low credit scores requires a large down payment and higher rates. Cash down is the key ingredient and doucments up front are minimal.

A vast network of exotic dealerships contracted with Amazon Leasing display inventory in the dealer lease mall allowing shoppers to compare models and evaluate pricing.

Amazon Leasing also features lease returns from current customers in an exclusive lease return mall. California cars with records drvien by the Amazon elite customers at pricing below market made available by the Amazon Leasing.

Amazon Leasing has a simple process starts with a credit application and a PDF of our lease calculator for the tems desired. Within an hours an approval can be issued with stipulations. Next a contract can be docu signed and we fund the next day.

Amazon pays for a private inspection on every car as well as Car Fax data and tracks the car history. We can ship cars from anywhere in the US and arrange for in door carriers and competitive rates as well.

Amazon also can provide a market analysis and will not allow our customers to overpay for a car whether it is a private party or dealership selling.
