

## AttreLogix Networks Appoints Ting Shi Jin as Chief Technology Officer

Kuala Lumpur, Jun 30, 2020 ([Issuewire.com](http://Issuewire.com)) - AttreLogix Networks announced today that **Ting Shi Jin** has joined AttreLogix as Chief Technology Officer. Ting joins AttreLogix after serving as Head of

Engineering in Monster App since 2018, where he served as a full-stack engineering expert, using a data-driven and cloud technology to help emerging startup to bootstrap power bank rental business in Malaysia, craft the product launch strategies, create a technical solution eco-system and deliver actionable roadmaps.

Ting, the award winner of Taylor's World Class Scholarship (TWCS) 2016, also participated the Global Entrepreneur Programme (GEP) launched by IBM where he demonstrated skills on IBM tools, launch cognitive solutions and join the huge tech community by connecting with developer and start-up communities. In his early days as an entrepreneur, he developed an app - Traquer, which allows travellers a voice to rate and increase the safety of Malaysians using the public transport system.

"Ting has proven expertise in digital information infrastructure and product development," said **Kent Choong**, Co-Founder of AttreLogix Networks. "I expect he will quickly contribute to revenue growth in our key products, [eaziWi5](#) and [eaziNMS](#)."

In the CTO position, Ting will focus on developing and executing AttreLogix's product strategy, ensuring the infrastructure and software development supports AttreLogix's current needs and future direction. At the same time, considering new approaches in delivering value to AttreLogix's customers.

"I am looking forward to taking on a leadership role with AttreLogix," said Ting Shi Jin, Chief Technology Officer. "It is a very exciting time as the business continues to capitalise on new technology and cloud computing. It is such an amazing opportunity to participate in AttreLogix's expansion."
