

## Fans Get to Taste the True Essence of Authentic Musicianship Through the Tracks of Cap

The gifted New Jersey native artist Cap capitalizes over the traditional as well as the modern-day elements of the industry and keeps the audience hooked throughout.

**Marietta, Dec 31, 1969 ([IssueWire.com](http://IssueWire.com))** - Having featured on playlists with over 30K streams, the incredibly talented artist [Cap](#) has stunned the audience with his amazing work. His single 'Too Cold' has also featured on 150+ playlists and played over 70K times. With each new release, the artist has re-invented his artistic skills and gathered more and more audiences. The artist has also dropped a

visual presentation of that single, which was viewed more than 80K times. And, with the release of his new collection 'Nothing to Fear', the artist has ensured that nothing goes beyond his artistic abilities.

Each and every track of this project is pure bliss for the fans as the number of listeners is growing exponentially with each passing day. Created under 3k entertainment, the track '**Too Needy**' acts as the leader of the pack with its stunning presentation that can make anyone fall in love with the artist and his artistry. This track is a weighty reflection of the richest elements of the genre, which is pretty evident from the love and appreciation it has received. Another track of the collection that has enchanted the audience is '**Traction**'. This track is way above any other contemporary releases in terms of all the musical aspects.

The entire collection feels complete and works in favor of the genre with the arrangement of the track '**I Bet**'. Blissful musicianship is the true standout element of the entire collection, keeping the audience engaged from the beginning to the very end. Listen to him over all the streaming platforms and follow him on [Twitter](#) and [Instagram](#).
