

Learn The Tales the Asteroid Tail Tells

Boston, Jun 26, 2020 ([IssueWire.com](https://www.issuewire.com)) - Tumblehome, Inc. today announced a celebration of World Asteroid Day on June 30th. Learn about the myths and facts about asteroids and discuss the NASA missions that are currently expanding our knowledge of these small rocky bodies that sometimes make their way very close to Earth.

NASA Solar System Ambassador and Tumblehome Author (*The Secret Case of the Space Station Stowaways*) Pat Monteith will address some of the myths and facts about asteroids and discuss the NASA missions that are expanding our knowledge of these small rocky bodies that sometimes make their way very close to Earth.

FREE and appropriate for ages 4+
