

Glove Industries Seal Amazing Partnership, Comes Up With An Amazing Tactis To Meet The Current Customer Requirement

Hanz Gloves Industries Sdn Bhd signing an OEM Manufacturing agreement with a Thai manufacturer

Kuala Lumpur, Jul 15, 2020 (Issuewire.com) - Top rated Malaysian gloves manufacturer Hanz Gloves continues its international dominance of gloves manufacturing industry with the announcement of signing an OEM manufacturing contract for Nitrile Examination Glove production with a Thai manufacturer owned by Malaysian and accepting orders from all over the world while trying to meet current customer requirements.

While speaking about the partnership, and the potential effect of both companies for the upcoming project, the spokesperson Tam said:

" With the signing of OEM Manufacturing contract, Hanz Gloves Industries Sdn Bhd will step into another milestone, further solidifying its status as the leading gloves manufacturer in Malaysia."

Malaysia is the world's largest exporter of rubber gloves, which accounts for about 65 percent of global supply. Since the outbreak of the COVID 19 pandemic, the spread of the epidemic in the world has

impacted the manufacturers of gloves in Malaysia and they are facing the dilemma of raw materials and glove supply shortage.

Basically, all the local manufacturers in Malaysia have reached the point of a production bottleneck, there is no way to continue to supply any gloves in the market. Although all the glove manufacturers have run the factories around the clock to meet the high market demand, they are still unable to fulfill the existing needs of global demand for gloves.

With the signing of the OEM Manufacturing contract, Hanz Gloves Industries Sdn Bhd will step into another milestone that will emerge the manufacturer in the glove manufacturing, further solidifying its status as the leading manufacturer of gloves in Malaysia.

This OEM manufacturing contract has various quality standard certifications recognized by countries around the world, including FDA, CE, ASTM, ISO, MDD, etc., and can be exported to the United States, United Kingdom, Canada, Southeast Asia, European countries, etc.
