

## Jacqueline Dolev, MD, a Dermatologist with Dolev Dermatology

Get to know Dermatologist Dr. Jacqueline Dolev, who serves patients in San Francisco, California.

New York City, Jul 1, 2020 ([Issuewire.com](http://Issuewire.com)) - Dr. Dolev, a well-respected and highly trained

dermatologist, is the Founder of Dolev Dermatology in San Francisco, California. Located in the heart of Pacific Heights, she offers a comprehensive range of medical and cosmetic dermatology services.

“I believe that although the patient comes to the dermatologist for an expert opinion, they know their skin and body better than anyone. As a consultant, I will work together with you to prevent — to heal — to treat — and to beautify” as stated by the doctor.

Focusing on results and prevention, Dr. Dolev is committed to providing patients with the highest quality of medical care for their skin and advanced cosmetic procedures, including Botox and Dysport for wrinkles, temporomandibular joint dysfunction (TMJ), excessive sweating and neck cords; varying Juvéderm and Restylane-L products for facial contouring and off-face locations; ear lobe repairs; Kybella for under chin fullness and jowls; as well as laser resurfacing and lift procedures.

With over two decades of experience in her field, she is board-certified in dermatology by the American Board of Dermatology, a voluntary, non-profit, private, autonomous organization formed for the primary purpose of protecting the public interest by establishing and maintaining high standards of training, education, and qualifications of physicians rendering care in dermatology.

In addition, she remains a member of several professional organizations, including the California Society of Dermatology & Dermatologic Surgery and the American Society for Dermatologic Surgery.

A 2001 graduate of the Yale School of Medicine, Dr. Dolev went on to complete her internship and residency in internal medicine at Stanford University Medical Center. This was followed by a residency in dermatology and a fellowship in infectious disease dermatology within the Department of Dermatology at the University of California, San Francisco.

Deeply committed to education, she is actively involved in teaching medical students and residents both in San Francisco and at a national level. She serves as an Assistant Clinical Professor at the University of California, San Francisco, as well as on the Executive Board of the California Society of Dermatology.

As a testament to her success, Dr. Dolev has published numerous articles in peer-reviewed journals, including JAMA and JAMA Dermatology. The President of Dermatological Surgery and a Fellow of the American Academy of Dermatology, she was honored with the Presidential Citation from the American Academy of Dermatology for her work on the National Dermatology Curriculum.

Dermatology is the branch of medicine dealing with the skin. The skin is the largest organ of the body. Dermatology is a specialty with both medical and surgical aspects. A dermatologist is a specialist doctor who manages skin diseases and deals with both internal and external causes and some cosmetic concerns involving the skin. Dermatological duties include taking consultations, providing screening tests, and undertaking non-invasive surgical procedures.
