

Joseph Taylor, DC, a Chiropractor with Renewed Wellness

Get to know Chiropractor Dr. Joseph Taylor, who serves patients in West Palm Beach, Florida.

New York City, Jul 22, 2020 (Issuewire.com) - Born and raised in West Palm Beach, Florida, experienced chiropractor Dr. Taylor founded Renewed Wellness to help the communities in and around his hometown reach their best health and wellness through chiropractic care and functional rehabilitation.

He offers a whole-body approach to wellness, taking into account all aspects of a patient's symptoms, overall health, and lifestyle before creating a customized treatment plan to heal the underlying condition or injury causing pain for lasting symptom relief. His goal is to help each patient lead a healthy, active, and pain-free life.

Optimizing spinal health and enhancing overall well-being, Renewed Wellness offers personalized treatment plans to offer relief from fibromyalgia, migraines, car accident injuries, or other causes of neck, back, and joint pain. This, in turn, helps patients to perform at their best, whether they're

competitive athletes or facing the challenges of everyday life.

“Our mission is to positively affect the lives of the people in our community by educating them on the life-changing miracle that chiropractic treatment and lifestyle provides. By doing so, we will empower them to take control of their health and live happier healthier lives. Treatment from our multidisciplinary team at Renewed Wellness is centered around the belief that with optimal spinal and nervous system health, proper nutrition, and rehabilitating injured or weak areas of our body, our natural state of wellness can be “renewed.” This is where the concept of “Get Renewed” and the name of the clinic, “Renewed Wellness” was established” as stated on the practice’s website.

On the subject of his educational background, Dr. Taylor graduated from Palm Beach Lakes High School in West Palm Beach. He then went on to complete his bachelor’s degree at the University of Florida in Gainesville. While earning his Bachelor of Science (BS) degree in Zoology, he competed as a hurdler for the UF Track & Field Team. It was his long history with athletics and personal injuries while competing on the collegiate level that led him to chiropractic.

Upon graduating from the University of Florida in 2008, Dr. Taylor enrolled at Palmer College of Chiropractic in Port Orange, where he graduated cum laude with a Doctor of Chiropractic (DC) degree in 2011. He began his chiropractic career working as an Associate Doctor in West Palm Beach before opening Renewed Wellness in May of 2016.

Chiropractic is a form of alternative medicine that mainly deals with the diagnosis and treatment of mechanical disorders of the musculoskeletal system, especially the spine. A chiropractor uses spinal adjustments, manipulation, and other techniques to manage patients’ health concerns, including neck pain and back pain. They aim to improve patients’ functionality and quality of life by properly aligning the body’s musculoskeletal structure and enabling the body to heal itself without the use of medication or surgery.
