

## Sara D. Robinson, MD, an Oncologist with Rocky Mountain Cancer Centers

Get to know Oncologist Dr. Sara D. Robinson, who serves patients in Longmont, Colorado.

**New York City, Jul 6, 2020 ([IssueWire.com](https://www.issuewire.com))** - Dr. Robinson is a trusted medical oncologist whose specialties include medical oncology, hematology, breast cancer, and gynecological cancers. She works at Rocky Mountain Cancer Centers in Longmont, Colorado.

“My philosophy on the treatment of cancer is patient-centered. I believe in taking a holistic approach to

each patient, integrating new data-driven therapies, clinical trials, and wellness through emotional, physical, and mental supportive care. I consider myself a patient advocate and try to be readily available. I pledge to fight this fight we call cancer” as stated by the doctor.

Rocky Mountain Cancer Centers is Colorado’s largest and most comprehensive provider of cancer care with 55 physicians, in 19 community-based locations across the state. At the Rocky Mountain Cancer Centers in Longmont, located on the campus of Longmont United Hospital, oncology care is a calling. The physicians working there combine the most advanced treatments with education, support services, and complementary therapies to deliver care with a compassionate heart.

A graduate of The University of Texas Health Science Center at Houston, Dr. Robinson went on to serve her residencies in internal medicine at the University of Colorado Health Sciences Center in Denver and Baylor College of Medicine in Houston. Finally, she completed her fellowship in medical oncology at Baylor University Medical Center in Dallas.

Subsequent to her education, she earned board certification in internal medicine and medical oncology through the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Oncology is a branch of medicine that deals with the prevention, diagnosis, and treatment of cancer. A medical professional who practices oncology is an oncologist. An oncologist is a doctor who treats cancer and provides medical care for a person diagnosed with cancer. They lead a cancer treatment team of various healthcare professionals, treat patients with radiation therapy, coordinate treatment plans and prescribe various types of treatment, including chemotherapy and immunotherapy, as well as assist patients with pain management.
