Our industry knowledge and connections

After 20 years of doing celebrity bookings, there are key options and elements that we can ask for, to help you and to save on buying costs when it comes time to hire a celebrity. This booking agency regularly gets talent fees reduced, by often negotiating with the celebrity.

Industry Pricing Knowledge

We book top professional celebrities, musical performers for hundreds of corporate, private party, music venue, and government festival bookings each year; this will benefit you as we are able to get industry pricing as a volume celebrity buyer. In comparison, higher fees are often quoted for buyers not in our industry when directly contacting celebrity reps for corporate events, private events and musical concerts but BBA will negotiate the lowest fee that you can hire a celebrity, performer, comedian, and professional speaker for booking celebrity appearances.

Faster Confirmations - Call - (+91) 62626 26466
